I would like to highly recommend Top5 Productions and Christopher Chamberlain for anyone looking for an excellent videographer.

Our daughter Amber Elkins had the best track season of her high school career as a junior winning gold medals in the 100 and 300 hurdles at the State Track Meet in Austin. Christopher was able to take our cassette and create a DVD of all of her best races this past season, adding music and editing. He was able to capture her in slow motion showing her form and other special effects making our DVD the best it could be! We are so proud of it and will treasure it for many years. He also made many copies which we were able to share with our friends and family.

Amber was picked up by a NCAA scout and the DVD he created was used by the National Scouting Report to profile her accomplishments to college coaches on NSR.COM. Amber has already been contacted by some top D1 college track coaches and Christopher's awesome DVD helped make it possible.

Again, I would recommend him and the great work he is doing through Top 5 Productions to anyone!

Thanks again Chris,

Kim Elkins
